

Arjun Mehta

BIM MEP Modeller

sample.candidate1@example.com | +91 90000 00001 | Pune, Maharashtra

Summary

MEP Engineer with 4 years of experience delivering HVAC, plumbing, and fire-fighting models for commercial and residential projects using Revit MEP and Navisworks.

Experience

BIM MEP Modeller — Skyline Structures Pvt Ltd | Jun 2022 – Present

- Developed clash-free coordinated Revit MEP models for a 12-storey commercial tower.
- Prepared shop drawings for HVAC, plumbing, and fire-fighting systems.
- Coordinated with architecture and structural teams using Navisworks clash detection.

Junior MEP Modeller — Bluecrest Engineering | Jul 2020 – May 2022

- Assisted senior modellers in creating 3D models for HVAC ductwork layouts.
- Converted 3D models to NWC and DWG formats per project standards.

Education

B.Tech, Mechanical Engineering — Sample Institute of Technology | 2016 – 2020

Skills

Revit MEP, AutoCAD, Navisworks, HVAC, Plumbing, Fire Fighting, Clash Detection

Certifications

- Autodesk Certified Professional – Revit MEP
